

PART 1: THE POWER OF A HARVEST

INTRODUCTION

By God's design everything in the plant and animal kingdom produces according to its kind. This same law extends to the thoughts we think, the words we say, and the actions we do. This is called the Harvest Principle: You will reap what you sow. This rule is always true without exception.

BIBLE VERSES

Genesis 1:12 & 24; Galatians 6:7-9

DISCUSSION QUESTIONS

1. What hopes, dreams, and goals do you have for 2020 and beyond?
2. Pastor Will said, "You won't grow what you don't sow." In order to grow your hopes, dreams and goals, what do you need to sow?
3. Discuss a time when you've been frustrated...even angry with God...for the consequences that have resulted from your poor decisions. What were the seeds you planted that led to that situation?
4. What specific seeds do you need to begin planting today to have the harvest you want in the future with your marriage, your children, your finances, your relationship with God, or your career?
5. Are there any seeds you are currently planting...thoughts, words, or actions that will lead to a future you don't want...that you need to stop sowing?
6. How can we help?

MOVING FORWARD

In order to plant a good harvest in 2020 and beyond we need to practice selective seed sowing today. Before you sow a decision into you life ask Jesus: Will this seed produce a desirable harvest? Will it move me closer or farther away from God? Will strengthen or weaken my marriage? Will it move me towards my purpose or take me off track? The best predictor of your future is to ask, "What am I sowing now?"
