DISCUSSION QUESTIONS

1. When you were younger, what did you want to do when you grow up? How close is what you actually do now to what you wanted to do?
2. Pastor Shawn defined “day job” as the work we do that drains us, and “dream job” as the work we do that is fulfilling and stimulating and energizes us. Do you consider your current job more of a day job or a dream job? Why?
3. Read Luke 16:10. Whatever your current job is, what are the little things that you can and should commit to do well every day? How do you think those little things, if done well, can help open doors to future change?
4. What is your dream job—what could you do that would fulfill and energize you?
5. Who can you surround yourself with that will help you grow?
6. When is it most difficult for you to have a good attitude at work? How can you remind yourself in those moments that as a follower of Jesus, you ultimately are working for an audience of one?
7. Read 2 Kings 4:1-7 and John 6:9-13. What little thing do you have, or what little thing can you start tomorrow that could make a big thing happen? What is your role when it comes to that little thing? What is God’s role? What is keeping you from trusting God with that little thing right now?
