### **DISCUSSION QUESTIONS**

1. Just like Maverick was given the mission of being a teacher, Pastor Will said, "If you're a follower of Jesus, God is urging you to embrace the role of a teacher." What's your initial response to the idea of being a teacher or mentor for others?
2. Read Hebrews 3:13. We've all made mistakes and suffered consequences, so we all can guide and warn others about the dangers, temptations, and traps the enemy is setting for God's people. What parts of your story can help you warn and teach others?
3. Pastor Will said, "The Navy needs Maverick, but the Kingdom of God needs you. The church needs you. A friend needs you. Someone in your family needs you." Who needs you? Who needs what you can teach them?
4. What's holding you back from embracing your mission to teach and/or mentor others?
5. In the movie, Maverick said, "I'm a fighter pilot...it's not what I am. It's who I am. Titus 2:7-8 teaches that what we teach must match how we live, and ultimately who we are. Are there parts of your life that don't align with what you say to others? What are they? What step towards integrity will you take in that area this week?
6. What step is God inviting you to take right now?

*He has saved us and called us to a holy life—not because of anything we have done but because of his own purpose and grace.*
